

# MIXERGY CUBEX

150 | 210 LITRES

The Mixergy Cube X is a simpler and more convenient smart hot water solution for housing providers to specify for projects which can't accommodate a G3 installation.

Using Mixergy's unique 'heat what you need' smart technologies, tenants will save on their hot water bills, whilst being sure of having the hot water they need, all year round.

Where solar PV is installed, Mixergy's embedded solar diverter, available soon, can be used for hot water.

520 X 585 MM

1315 - 1650 MM

## BOOST EPC SCORES AND MEET SAP REGULATIONS

Supports a low cost of compliance while offering tenants a convenient and cost-saving hot water solution.

## WELFARE DASHBOARD ACCESS FOR HOUSING PROVIDERS

Remote diagnostics show hot water temperatures and health and reduce field service costs. Auto-cleansing cycles ensure legionella compliance.

## INSTALLATION COST SAVING

Doesn't require G3 certification as no need for a discharge pipe and expansion vessel. Less disruption for the tenant.

Product Variant	150L	210L
Width (mm)	520	520
Depth (mm)	585	585
Height (including fittings) (mm)	1315	1650
Clearance	W-50mm   D-50mm   H-475mm	W-50mm   D-50mm   H-475mm
Dry weight (kg)	36	44
Wet weight (kg)	188	246
Primary Connections	22mm comp	22mm comp
Overfill pipe connections	G 3/4"	G 3/4"
Electrical requirements	16A, 230-240V, 1.5mm <sup>2</sup> CSA	16A, 230-240V, 1.5mm <sup>2</sup> CSA
DHW coil max operating pressure (bar)	3	3
Primary coil pressure drop @ 15 l/min (mbar)	107	134
Maximum permissible storage water temperature (°C)	60	60
Standing Heat loss (kWh/24h)	1.12	1.24
ERP Rating	B	B

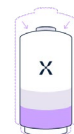

### BUILT TO LAST

10-year warranty

### SMART

Mixergy app features machine learning, schedule setting and insights

### SPACE SAVING FOOTPRINT

Easier to install in tighter spaces
